

# All-New Ford Tourneo Custom

The all-new Ford Tourneo Custom raises the bar in the multi-activity vehicle segment, combining a new platform engineered to deliver maximum versatility and comfort with spacious accommodation for up to nine occupants to suit business and personal-use customers

## Sophisticated new-generation cockpit

- Digital instrument cluster as standard
- 13-inch touchscreen with SYNC 4<sup>1</sup>
- Enhanced practical storage
- Tilting “squirrelle” steering wheel
- 5G connectivity as standard
- Alexa Built-In personal AI<sup>2</sup>
- Full support from the Ford Pro platform of software, charging and connected services

## Premium, high-spec cabin

- New track-based seating system
- Rear seats can be repositioned or removed quickly and easily
- Two- to nine-seat layouts
- Hands-free power sliding side door
- 14-speaker B&O audio system<sup>6</sup>
- Striking panoramic roof option
- Up to five ISOFIX mounts across second and third row seats

## All-new architecture

- Independent rear suspension optimises handling, ride and refinement
- Sub-two-metre overall height on many variants
- New lower floor and convenient side step

## Efficient new powertrains

- New plug-in hybrid powertrain with 2.5-litre Atkinson cycle petrol engine and 11.8 kWh battery<sup>3</sup>
- 136 PS, 150 PS and 170 PS EcoBlue diesel engine options<sup>4</sup>

- Smooth, efficient new eight-speed automatic gearbox
- All-wheel drive and mechanical limited-slip differential options for enhanced traction
- All-electric E-Tourneo Custom with up to 325 km range also available<sup>5</sup>

<sup>1</sup> Don't drive while distracted or while using handheld devices. Use voice-operated systems when possible. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones.  
<sup>2</sup> Seven European markets – Austria, France, Germany, Ireland, Italy, Spain, and the UK. Alexa will only be available in English, French, German, Italian and Spanish in supported markets. An alternate market cannot access Alexa despite being able to use a supported language. To use Alexa Built-In, drivers need to activate FordPass Connect within their vehicle using the FordPass smartphone app or in-vehicle settings. Access to Alexa requires an Amazon account, SYNC 4 or SYNC 4A, FordPass Connect, and complimentary Connected Service activated through the FordPass app (see FordPass Terms for details). Additional products and setup may be required.  
<sup>3</sup> Ford Tourneo Custom Plug-In Hybrid homologated CO<sub>2</sub> emissions 40-47 g/km WLTP, homologated fuel efficiency 1.7-2.1 l/100 km WLTP and pure electric driving range 46-52 km WLTP.

<sup>4</sup> Ford Tourneo Custom EcoBlue diesel homologated CO<sub>2</sub> emissions 192-234 g/km WLTP, homologated fuel efficiency 7.3-8.9 l/100 km WLTP.  
<sup>5</sup> In accordance with the Worldwide Harmonized Light Vehicles Test Procedure (WLTP). A range of up to 325 km can be achieved with a fully charged battery - depending on the existing series and battery configuration. The actual range may vary due to various factors (e.g. weather conditions, driving style, route profile, vehicle condition, age and condition of the lithium-ion battery).
